Coming Next Week, Feb. 24-25

GLEN TRYON IN

### "A Hero For a Night."

*Columbus Did It—and so can I*

—and he did!—He was a Hero for a night—and what a night—he started for New York in a broken down airship and woke up in the morning doing a dance for the Russians. A go-getting giggle and he's good for what ails you. Come on down and join the merrymakers!

Also Chapter 9 Collegians and Paramount News.

### THIS WEEK

DOLORES COSTELLO in "THE THIRD DEGREE"

With Louise Dresser, Rockliffe Fellows, Jason Robards

2-Reel Comedy "Duck Out." Paramount News.

Coming Wednesday, Feb. 22, Bebe Daniels in "SENORITA."

### Champion Curlers Win At Banff

J. D. Henderson, skip; A. Baker, P. Holm and Neil McLeod was the personnel of a rink which captured the Visitors' event at Banff, winning the four buffalo robes given for this stellar competition. Naturally the company was fast, including two star rinks from Calgary among the competitors and the win is the more noteworthy from the fact that the winning rink was not packed for the occasion. Congratulations have been showered upon the prize winners since their return, their achievement being one of the finest advertisements Champion has had for years. Another winner was Dan McRae, whose rink consisted of P. M. Patterson, Ir. Ditto, and Nels Ranning. This rink captured third prize in the consolation event, dividing third and fourth honors with the Henderson rink, the prizes in both cases being beautiful oil paintings and Dan will not forget his win for some time, while the homes of his running mates will be glorified by the mountain scenes depicted with artistic hands. Congratulations to everyone concerned.

### Loses Ten Head Valuable Horses

C. E. Anderson lost ten head of horses on Tuesday, the animals getting into a pile of wheat in a field which was supposed to have been cleaned up so far as threshed wheat was concerned. The dead animals were supposed Belgians, of which Mr. Anderson was deservedly proud, and were of more than ordinary value. The balance of the herd of thirty-five are being treated successfully, it is thought.

### Women's Institute Holds Successful Meeting

The W. I. met at the home of Mrs. H. Higgins on Tuesday with a large attendance, Mrs. Dow and Mrs. F. C. Alcock being the refreshment convenors. It was decided to hold a Leap Year dance on Tuesday, Feb. 28th in Campbell's hall and Mrs. Hummell and Mrs. Dean Smith were placed in charge of the committee which will handle the affair. Mrs. Dean Smith was appointed as delegate to the district convention which will be held at Lethbridge on March 7 and 8. Mrs. Wise's paper on "Home Economics" was very much appreciated by the audience, being specially well prepared. A general invitation is extended to the women of the district to attend these meetings.

### Card of Thanks

I wish through the Chronicle to thank our friends for their many acts of kindness while I was in the hospital, especially Mr. and Mrs. Voisey, Mr. and Mrs. Arthur Nelson, Mr. and Mrs. L. M. Warren, August Seigel, the Elks Lodge of Champion, the Golden Rule W. I. and many others for their kind interest and sympathy.

Sincerely,  
J. M. Pharis and Family

A number of O.E.S. members gathered at the home of Mr. and Mrs. H. C. Jopling on Friday evening, surprising the newlyweds very much, and presenting them with hand-some silver spoons and china.

### Local and General

Nellie McClung, Feb. 27.

Just a reminder that M. M. Sheldon's auction sale is billed for Feb. 22nd.

Mrs. N. M. St. Peter and Master Douglas, of Milo, were visiting relatives here this week.

Miss Ella Stephenson spent Sunday at her home here, the occasion being the celebration of her birthday.

Born—To Mr. and Mrs. O. E. Sommers, at the home of Mrs. Milliken, on Thursday, Feb. 9th, a daughter.

At the first meeting of the new Village council on Wednesday evening, A. McCullough was appointed Mayor for the year.

Mrs. Geo. Alcock entertained a number of friends on Friday evening last in honor of Mrs. Duane Chamberlain, who was visiting here.

Mrs. J. M. Moffatt and children spent a few days in Calgary, while Mr. Moffatt was in the hospital with his injured shoulder.

After a visit to the Calgary hospital, J. M. Moffatt is again able to be around, although it will be some time before his damaged shoulder will be completely restored.

Mrs. J. M. Scott, who has been visiting with her daughter, Mrs. W. C. Hoskins, for some time, left for Calgary this week, where she will reside in future. She will be missed here by a wide circle of friends.

A leap year dance conducted in old time style is being put on February 28th by Champion W. I. It is an annual event in a little different style and will undoubtedly receive the generous patronage always accorded to this organization.

Extensive improvements and overhaul are being way in the Savoy hotel. Progress already made would indicate that the new proprietor is bound to make the Savoy one of the outstanding hotels in the province.

On Monday afternoon, Feb. 20th, Art. Turner will be at Joplings' store, showing a full line of samples and models of Leishman Clothes. This new range is a beauty with quality unexcelled. Ladies! he will also have a model and samples of a ladies' tailored coat made by Leishman. Be sure and see it.

### Georgian Singers Coming Next Thursday

Hoor Ye! Hoor Ye! Hoor Ye!

It is known to all ye folks of this faire citye that ye menme and maidens of ye

Georgian Singers and Players presenting "Ye Old Tyne Village Quartette, singing ye

NEVER, during the many years that the Leishman Company have been making fine clothing, have there been any that did not measure up to the original standard of high quality—"the best tailored garments for men." This slogan simply means the best of materials—the best style and fit—and the best of workmanship.

This unbeatable combination has made Leishman Clothes known for Years as Canada's Best.

THURSDAY, FEB. 16, 1928

## NOTES AND COMMENT

Manitoba, Saskatchewan and British Columbia have taken up the old age pensions scheme, by which the Dominion government pays one half the cost. Alberta has shelved the matter by suggesting the Dominion would bear the whole cost. It could naturally appear that Alberta legislators are especially wise or those of the other provinces slightly foolish. The future will answer the question, but the chances are that Alberta will follow the lead of other provinces in the matter.

The question of the Municipal District of Harmony becoming collector of school taxes will be voted upon on February 25th. The more this question is discussed the more favorable will be the decision for the change. The municipality has always proven the better collector of taxes and the convenience of being able to pay all taxes at the same place will be appreciated. It is understood that a large portion of this province has adopted this system, while in the provinces to the east it has been in vogue for years, and there is no disposition to change to any other method of operating the schools.

The question of erecting a new public school building will be before the ratepayers of the Champion Consolidated School District in the near future in the form of a bylaw authorizing the issue of debentures for the necessary amount required for the proposed building. The stand of the school board has been very plainly outlined so that everyone should be in possession of the facts connected with the matter. The question of the cost will be the main issue as, outside this factor, there could scarcely be any opposition to the better buildings and accommodation. No doubt the ratepayers will fully consider the matter in the interval before voting occurs and go to the polls prepared to give their intelligent opinions on the matter.

Champion had reached the 1,000,000 bushel mark in grain deliveries more than a week ago. Of this 880,000 bushels had been shipped, 220,000 was in the elevators, and it was estimated there was 200,000 bushels in the farmer's hands of threshed grain. In addition it is estimated unthreshed wheat to the extent of 400,000 bushels is still in the fields, which would mean a gross total for the year of 1,600,000 bushels.

The local hospital now in progress, is one of the best of the events staged in town. It is very doubtful if any other activity does more to put people in touch with one another than this annual playfest. Interest is by no means confined to the curling fraternity. Every one takes a look in at the games played.

## Municipal District of Harmony, No. 128

Notice of Municipal Meeting and Nomination of Candidates at a General Election.

Notice is hereby given that a meeting of the Electors of the Municipal District of Harmony, No. 128, will be held in Campbell's Hall, Champion at one o'clock p.m. on Saturday, the 18th Day of February, 1928 for the discussion of the affairs of the District and that the polls will open at four o'clock p.m. on the same day and at the same place, nominations for the office of councillors will be received.

Councillors are to be elected for the following electoral divisions:

Division No. 1.

Division No. 3.

Division No. 6.

Dated the 30th Day of January, 1928.

JOHN W. CAIN,  
Returning Officer

## NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF JOHN JONES, late of Champion, in the Province of Alberta, Farmer, Deceased.

NOTICE IS HEREBY GIVEN that all persons having claims against the estate of the above-named, JOHN JONES, who died on the 30th day of December, A.D. 1927, are required to file with James Frederick Scott, Solicitor for the Executor Nels Gustaf Johnson, at 213 Lancaster Building, Calgary, on or before the 1st day of April, 1928, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties interested, having regard to the claim which had noticed has been so filed or which have been brought to his knowledge.

DATED the 6th day of February, A. D. 1928.

J. Fred Scott,  
213 Lancaster Bldg.,  
Calgary, Alberta.

Ask any mother what Arrowroot Biscuits she prefers to give her children. The answer will be—CHRISTIE'S ARROWROOT BISCUITS. They're good for "grown-ups", too.

# ARROWROOT BISCUITS

## New Angle On Annexation

English Author Has Idea That Canada Will Annex United States

Confessing his astonishment that he predicted the time would come when Canada would walk southward and annex the United States, Morley Roberts, English traveller and author, holds fast to his view in his book, "The Old World in America." His thesis is that a mighty northern movement some day grow so strong in the region south of Hudson Bay that economic pressure will force it to expand southward.

"There is no question in old men," Mr. Roberts' prophecy is said to be sound and refreshing. Therefore most of the annexationists talk has run in the other direction, where it has done little necessary harm. What Mr. Roberts says on the subject is an honest admission of what any other man of sense of annexation has ever said.

After all, the proposal that Can-

ada should annex the United States is about as reasonable as the proposal that the United States should annex Canada; the one has about as much chance of taking place as the

If our Canadian friends laughed at the Englishman's suggestion we of the States can afford to smile with them. The realm of international politics has too little humor as it is now. Annexation, however, is a mere merriment ought not to be lost. Annexation is a scarecrow which has sometimes been taken too seriously; it is good to have it dragged out and revealed for the ridiculous thing it is.

### Aged Woman Had Queer Mania

**House was Packed With Furniture From Auction Sale**

Mrs. Mary Smith, a ninety-year-old woman of 83 years of age, recently died at Highclere, England, lived alone in the same house for 52 years, had a mania for buying furniture, yet left no遗产 in which to erect a bed, and had more wealth than Chicago, Duluth and the Twin Cities combined, and western Canada had only started to grow.

Among the resources of the Arctic circle he mentioned oil, as yet unde-

veloped, timber, abundant

and gold, with vast areas of grazing land.

The winter in the Arctic circle is only one month longer than at Winnipeg, and all the activities of Winnipeg are possible there.

I pictured the cross-roads of the world, and I found that the shortest route from Chicago, London and New York to the Orient by air planes over the north pole.

### Predicts Civilization Of North Siberian Forges Thriving Industries In Arctic Circle

An Arctic civilization with commerce and industry thriving in the frozen northland will be predicted by Vilhjalmur Stefansson, explorer, author and lecturer, in an address before Chicago business leaders of the Executive Club.

If the government bill is to be brought down, the explorer said, at present, Stefansson said, the expansion of civilization must be on northward into upper Canada and Alaska. Winnipeg, he said, already handles more wheat than Chicago, Duluth and the Twin Cities combined, and western Canada had only started to grow.

Among the resources of the Arctic circle he mentioned oil, as yet unde-

veloped, timber, abundant

and gold, with vast areas of grazing land.

The winter in the Arctic circle is only one month longer than at Winnipeg, and all the activities of

Winnipeg are possible there.

I pictured the cross-roads of the world, and I found that the shortest route from Chicago, London and New York to the Orient by air planes over the north pole.

### Made King Albert Explain

**Belgian King Suspected Of Being Motorcycle Thief**

King Albert of Belgium lives at Laeken, the fashionable suburb of "Little Paris." Brussels is a city that has always been one of the most popular, though not the prettiest, of European capitals.

King Albert, however, uses a motorcycle to go to his office in the morning like many of his subjects. One morning the Brussels police were keeping a sharp lookout for the king, who had been reported the previous night

King Albert came on chug-chugging to the toll gate that separates Brussels from Laeken. The officials stopped him. "Your license, please?" they asked him. "You don't have one," he replied. "I'm afraid that he was

up to something," added one, and a picnics declaration he was asked to come inside the toll house and explain matters. In the course of the questioning the King was asked for his identity papers. He did not mention them either but he had a note addressed to him personally, which, when he read it, the official told him to show the letter. When he read the address the shells fell off his eyes and he started to shake and tremble all over. Needless to say, the King was allowed to proceed on his way.

It looks a postal card, mailed

Pauline Frier, 20 years to reach the addressee, Helen Sharp, although the car travelled only 40 miles. Miss Frier mailed the card in Boston, Ill., to Miss Sharp in McLeansboro, on February 23, 1908.

Rough Sea Captain—"I'll have you know I can skipper on this ship!"

Recruit—"Sorry, I haven't a rope on my old kid, but how about a game of Ring around the rosy?"

**Manitoba Department Of Mines**

Premier John Bracken Will Be The Minister In Charge

Ministers will be a department of mines and natural resources of which Premier John Bracken will be the minister in charge and Prof. R. C. Wallace, of the Manitoba University, will be the commissioner.

The new department will look after mineralizing institutions, asistance in mining, prospectors short courses, mineral exhibits, publications and industrial development, as well as power site, especially water and natural resources.

Creation of the department was

announced by Premier Bracken in the Legislature. That the Premier

may be able to devote sufficient time to the new work, he will relinquish the posts of mining and telephones and this probably will be the task given by Hon. W. R. Clapp, minister of public works, as an additional office.

Hercules Permanent Building

PAPER is tested and proved wind

proof, water proof, insecticidal

and aids in building but brings

repeal. Hercules also has the

quality of toughness which,

making it easy to use without

fear of tearing or cracking, ap-

pels strongly to the user.

Hercules—in three grades, x

xx, xxx—will smooth your

building paper sales road.

Samples sent on request.

Editor: "I find that printer."

Assistant Editor: Why?

Editor: He put "Applesauce" after Senator Hooper's speech instead of "Apple-pause."

To keep books on shelves or in cases in good condition, sprinkle them occasionally with powdered camphor.

National Drug & Chemical Company of Canada, Limited, Toronto, Canada.

## WORLD HAPPENINGS BRIEFLY TOLD

It is expected that the two Canadian destroyers, Champlain and Saguenay, will be loaned to England for Canadian service.

Finding it impossible to obtain the cash from a safe in a general store at East Selkirk, thieves took the safe and the \$4,000 it contained along with them.

The government bill is to be brought down to amend the Dominion notes law as to provide for the establishment of additional branch offices of the department of finance for the redemption of Dominion notes.

The Canadian government has obtained a loan from either British or American bankers, has decided to open negotiations for the repayment or conversion of outstanding foreign pre-war loans.

British Columbia's fight to secure compensation rates cost the government \$160,000,000, according to statement by Hon. A. M. Manson, Attorney-General, before the Standing Senate Committee of the Legislature.

Group Captain J. S. Scott, M.C., A.F.C., director Royal Canadian Air Force, is returning to his native city, Guelph, Ontario, to take up residence again. It is understood that the former director is to enter a financial company in Ottawa.

A gain of almost \$100,000,000 in the most striking showings made by United States Commerce Department statistics on the foreign trade of 1927.

British Columbia's right to secure compensation rates cost the government \$160,000,000, according to statement by Hon. A. M. Manson, Attorney-General, before the Standing Senate Committee of the Legislature.

Group Captain J. S. Scott, M.C., A.F.C., director Royal Canadian Air Force, is returning to his native city, Guelph, Ontario, to take up residence again. It is understood that the former director is to enter a financial company in Ottawa.

A gain of almost \$100,000,000 in the most striking showings made by

United States Commerce Department statistics on the foreign trade of 1927.

### Across Canada Flight

Royal Air Force Pilot Will Attempt To Fly Across Canada To Halifax

After blasting a long 7,000-mile air trail from England to India, the first ever accomplished solo in a light aeroplane, Denis M. Rose, late of the Royal Flying Corps, is now in Canada seeking further adventure and will shortly attempt to fly the continent, from Vancouver to Halifax, in one hop.

Rose, who is now visiting Montreal, is bound for New York to test the endurance of his plane in a race

which is being installed in a Waco Ten light aeroplane. He hopes to fly the plane across the continent to San Francisco on a non-stop flight, afterwards flying to Vancouver for a take off on his non-stop flight across the Dominion.

Rose, who is now visiting Mon-

real, is bound for New York to test the endurance of his plane in a race

which is being installed in a Waco Ten light aeroplane. He hopes to

fly the plane across the continent to San Francisco on a non-stop

flight, afterwards flying to Van-

couver for a take off on his non-stop

flight across the Dominion.

Students Display Ignorance

Four In Arkansas University Did

Not Know Who Lindbergh Was

Four students in the University of Arkansas do not know who Charles A. Lindbergh is.

One of them thinks he was the Prime Minister of Sweden during the fifteen century; one thinks he was a German general during the fifteen century; another thinks he is the leader of the Bolsheviks in Russia, while the fourth understands Lindbergh was the battle

line that the Allies had such difficulty in breaking through in 1918.

These answers were found among pens handed in at a quiz in a freshman history course at Fayetteville, recently.

Wilted flowers can be revived by placing them in water containing one-quarter of a grain of aspirin.

The United States issued one-cent pieces every year from 1793 to date, except 1816 and 1823.

## Intense Pains in the Back

This remedy gave great relief

Recommended it to hundreds of people

## COMMONS DEBATE CLOSES WITHOUT A VOTE TAKEN

Ottawa.—After ten days of debate and without a division, the House of Commons adopted the address in reply to the speech from the Throne. The last day was a day of incidents and threatening storm which came quite quietly.

Hon. C. A. Dunning, Minister of Railways, participated in the debate in the evening.

Several other debates were resumed in the House, when Hon. C. A. Dunning, Minister of Railways, submitted a statement made in the House as "absolutely false." There were local Conservative protests.

Hon. R. E. Bennett, Opposition leader, also spoke.

"I think it would be better to act as an example to the House," gravely observed Speaker Lemieux; and the expression was withdrawn.

Thomas McMillan, the Liberal member of the House of Commons, in a speech during his term as Minister of Transport, during its first year of existence, during its period in office, had decreased the national debt by over \$100,000,000 and had turned the railway deficits into surpluses. Canada's debts, however, the international debt during the two years, had been little less than vanishing.

A. M. Young, (Liberal, Saskatoon), believed the appointment of ministers to Tolio and Paris would prove successful. These representatives were to be appointed by the Canadian minister at Washington.

"I am not particularly encouraged with the Board of Railways Commissioners," commented Dr. Young in referring to the Board of National Railways of Alberta, in his speech. Despite legislation passed in 1925 for the removal of discriminatory freight rates, the board had dilly-dallied and allowed two crops of grain to be moved without taking into account the difference in density, as the important matters coming before the council this year, such as the revision of the Australian and New Zealand preference tariff, were being handled entirely handled by some one in close touch with the Ottawa headquarters of the council. He was, however, overruled by the other members.

**Matter Under Consideration**

The offer of the Canadian National Railways for the Alberta and Great Waterways line has been received by the provincial government and is under consideration by Premier Brownlee and his cabinet.

"They are all gone to the United States," interjected Peter McGregor (Conservative, Muskoka).

"You are not thinking of going too?" retorted Dr. Young, while the House showed its assent.

We find that when you come to social legislation in the interest of

the people of Canada, you have to trust to the Liberal Party to get it," said Dr. Young after brief reference to the speech from the Throne. The last day was a day of incidents and threatening storm which came quite quietly.

Washington.—Regular trans-Alaska mail and passenger service by dirigible airships will be instituted when the final stage of construction and approval of the United States Government, Secretary Hoover recently announced in announcing the conclusion of conferences with air experts of British interests who are responsible for the welfare of ex-service men, their widows and dependents.

The dirigible, 1000 tons under construction in England, designed to carry 10 passengers and ten tons of mail, is to inaugurate the new service, on a tentative schedule with stops every hour on the west coast voyages and 38 hours on the eastward return.

The United States Government will loan the use of the naval station, mooring mast and equipment to the British. The N.A.T.O. is now under way with the Post Office Department by which an air liner will be given a special mail contract.

## Again President Of National Dairy Council

**J. A. Caulder Unanimously Re-Elected By That Organization**

Regina.—J. A. Caulder, retiring president of the National Dairy Council, was unanimously re-elected by that organization, when it held its first meeting of the year.

Mr. Caulder suggested in his address that it would be best to elect a chairman and executive committee to represent the organization. He agreed any suggestion for the adoption of a statutory rate on coal less than the official finding of the railway board.

Canada was enjoying prosperity, and there was less unemployment in the nation than we had had for some years.

"They are all gone to the United States," interjected Peter McGregor (Conservative, Muskoka).

"You are not thinking of going too?" retorted Dr. Young, while the House showed its assent.

We find that when you come to social legislation in the interest of

that for exceeded his anticipations. He was pleased to believe this was expressed in Canadian sentiments towards the United States.

"I think an event of surpassing importance to Canada, to the whole British Empire, and to the United States occurred when the Canadian secretary of state and Mr. Kellogg, the appointment of the first minister from the Dominion of Canada to the United States, and the acceptance of the Canadian minister to the United States—this was a notable step between the British Empire and the United States—another link formed in our international relations making for more intimate acquaintance and facilitating the settling of many questions arising between Canada and the United States."

Mr. Kellogg touched upon the gift of Canada to the American people of the Canadian Rockies in Ashton, B.C., commemorating the sacrifice of the American soldiers who served and gave their lives in the Canadian armies.

"When in such countries as strong nationalists feel, said Mr. Kellogg, 'you are part of your loyalty to your country and to your great Empire; we to our country. We are rivals in those accomplishments which make great nations in economic, scientific and educational development; but it is rivalry which tends to enhance the development of both countries. You know no greater task developed for us in the United States has grown and developed with you. Rather, our efforts have supplemented each other.'

Mr. Kellogg made reference to the friendly relations between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, he said, had shown that war in any part of the world could not fail to affect all nations.

"We are desirous of promoting peace. We should therefore lend our influence in every possible way to continue the friendly and peaceful relations which we have had with the Government and the people of Canada very, very well, and most sincere regards and the best to the Governor-General and the Prime Minister. He expressed his thanks for the reception accorded him, a reception

## Memorial To Earl Haig

Premier Baldwin Has Suggested Erection Of Public Monument

London.—Premier Baldwin, in a glowing oration of the late Field Marshal Earl Haig, in the House of Commons, recently, has suggested that a public monument to the field marshal as an expression of the state's attitude.

Mr. Arthur Baldwin's motion was carried after Ramsay MacDonald, Labour Leader, who associated himself with Mr. Baldwin's tribute, moved an unsuccessful amendment to the Premier's motion, whereby a committee was to be appointed to enter the best form of memorial, in view of the field marshal's concern for the welfare of ex-service men, their widows and dependents.

## Urge Harsh Measures

B.C. Council Of Women Recommend Severe Penalties

Victoria.—The resolution urging social lines were adopted at the annual meeting of the Provincial Council of Women in session here.

One proposal was to add to the Criminal Code of 1921, a section to the effect that persons who commit acts of violence against the offender shall be punished with the lash. Copies of communications from the Hon. A. M. Mansur, British Columbia Attorney-General, in connection with the discussion, one of them letters to the Hon. Ernest Lapointe, Minister of Justice, recommended the lash for such cases and noted that "the problem is probably more acute in British Columbia and Quebec than in other provinces."

## Too Busy For War

U.S. Occupied With Domestic Affairs

Says J. C. Anderson

London.—J. C. Anderson of the United States are too busy with their own domestic affairs to dream of war, J. C. Anderson, a member of the Foreign Service, told the House yesterday. The Westminster Gazette declared in a statement concerning his recent trip to the United States. He said he thought officially there was a "certain amount in the settlement of the Great Britain and the United States because of the results of the recent Geneva naval conference, but that this official visit was not reflected by the people of the United States, who tested goodwill for Great Britain.

**Commemorates Amyer's Visit**

Ottawa.—To commemorate the visit of the Rt. Hon. Col. L. C. M. S. Amyer, the Canadian Minister of Finance and Colonies, a monument in Alberta having an elevation of 10,900 feet has been named "Mount Amyer" by the geographic board of Canada to the commemoration of the presence of Alberta. The monument overlooks the junction of the Athabasca River with the North Saskatchewan from a point just south of the Alexandria.

**Fires Destroy Historic Inn**

Niagara Falls, Ont.—The old Bush Inn Tavern in Stamford Township, the Niagara District's oldest place of entertainment, has been totally destroyed by fire. The hotel brick fire places at either end of the building are now all that remain of the historic old inn, built 102 years ago.

**Proposed Central Bank**

Ottawa.—G. G. Coote, U.P.A., MacLeod, has given notice of a resolution advocating that the "government should consider the advisability of establishing a government central bank of discount and note issue in Canada."

When in such countries as strong nationalists feel, said Mr. Kellogg, "you are part of your loyalty to your country and to your great Empire; we to our country. We are rivals in those accomplishments which make great nations in economic, scientific and educational development; but it is rivalry which tends to enhance the development of both countries. You know no greater task developed for us in the United States has grown and developed with you. Rather, our efforts have supplemented each other.'

Mr. Kellogg made reference to the friendly relations between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, he said, had shown that war in any part of the world could not fail to affect all nations.

"We are desirous of promoting peace. We should therefore lend our influence in every possible way to continue the friendly and peaceful relations which we have had with the Governor-General and the Prime Minister. He expressed his thanks for the reception accorded him, a reception

which he described as "most cordial and unanimous."

"Now that he has been among us for some months, we feel we can extend to Americans generally the same welcome to the representation which

Mr. Phillips has given us of the United States."

In these words Hon. Frank B. Kellogg, Secretary of State for the United States, expressed to the Canadian people the feeling of Americans towards this and other countries in a banquet here, telling in honor of the Minister of Colonies, Right Hon. W. L. Mackenzie King.

Praying the toast to Mr. Kellogg, the Prime Minister expressed the appreciation of Canadians at the honor done the country when Hon. Mr. Phillips was selected as first minister to the United States.

"We felt at the time he came," said Mr. Mackenzie King, "knowing his career and his record, and, above all, that we had every reason to extend to him a warm welcome. Now that he has been among us for some months, we feel we can extend to Americans generally the same welcome to the representation which

Mr. Phillips has given us of the United States."

Receiving the toast, Mr. Kellogg declared President Coolidge had spoken commendably when he extended to the Government and the people of Canada his very best wishes and most sincere regards and the best to the Governor-General and the Prime Minister. He expressed his thanks for the reception accorded him, a reception

which he described as "most cordial and unanimous."

Mr. Kellogg made reference to the friendly relations between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, he said, had shown that war in any part of the world could not fail to affect all nations.

"We are desirous of promoting peace. We should therefore lend our influence in every possible way to continue the friendly and peaceful relations which we have had with the Governor-General and the Prime Minister. He expressed his thanks for the reception accorded him, a reception

which he described as "most cordial and unanimous."

"Now that he has been among us for some months, we feel we can extend to Americans generally the same welcome to the representation which

Mr. Phillips has given us of the United States."

When in such countries as strong nationalists feel, said Mr. Kellogg, "you are part of your loyalty to your country and to your great Empire; we to our country. We are rivals in those accomplishments which make great nations in economic, scientific and educational development; but it is rivalry which tends to enhance the development of both countries. You know no greater task developed for us in the United States has grown and developed with you. Rather, our efforts have supplemented each other.'

Mr. Kellogg made reference to the friendly relations between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, he said, had shown that war in any part of the world could not fail to affect all nations.

## CHAPTER XIX

One day in August, when the train came in, the conductor ran into the station and shouted to the operator, "Say Ted, there's a war in Europe! What do you think?"

Ted took his pipe out of his mouth and spat at the red stove. "Quite your hibbin," he said briefly.

The conductor handed him the paper. "What do you make of that?" he said, as he pointed to the startling headlines. "Maybe you'll believe me when I tell you—"

The operator grudgingly admitted that there seemed to be more in it than had hit at first belief. "Well, what's it all about?" he asked the conductor; "whose row is it anyway?"

The conductor tried to explain.

"It isn't any of our business, is it, if someone shoots an arch-duke," said the operator. "It isn't about some of these arch-dukes is good for? Are they scared of them?"

He was dashing off his desk with a large handshaker as he spoke, and that was a sure sign of mental activity.

"It looks bad," Ted, the conductor said, "there's lots of excitement, lots of shooting, lots of men in uniforms, lots of tanks, lots of guns, lots of bombs playing and all. I know some of the boys that are just itching to go, but I assure you it isn't me. Well, so long, Ted; I guess we should worry—it's a long way from Northern Alberta."

Old Slim, the night watchman, took it more seriously than anyone in Eagle Mines. "Wars," he said to himself, "they're not good for us. They mean no one can help. They come so often, and kill a lot of people and make us all run and make a lot of debt and trouble. Everyone in the world loses money when every human being someone else. No, I don't know what is it about, but just while it is on no one cares. To these here fighting men war is better."

"Then it gets better when everyone is dead or laid up or crippled or maimed, or maybe can't be helped. They come so often, and kill a lot of people and make us all run and make a lot of debt and trouble. Everyone in the world loses money when every human being someone else. No, I don't know what is it about, but just while it is on no one cares. To these here fighting men war is better."

"War is hell on women," said the old man, "but it don't do no good to women. Hell is hell."

"But it is very easy, miles and miles of water—all gray and far! Oh, it's a long way! Why should we send our men to fight? We won't; it's the Old Country's fight—not Canada's."

Old Slim was still thinking when he heard the doorbell ring. He went to the door and he had to stop her swearing to do it.

"Anyhow, Jack is safe up there on the Nechako. Then he gets better when everyone is dead or laid up or crippled or maimed, or maybe can't be helped. They come so often, and kill a lot of people and make us all run and make a lot of debt and trouble. Everyone in the world loses money when every human being someone else. No, I don't know what is it about, but just while it is on no one cares. To these here fighting men war is better."

Then he was in. Sam continued, "was started by the skinkin' of a big boat called the 'Moline,' and we was told to keep on saying 'Remember the Moline!' if ever we saw a chickie-boat ed over the water, or a dog, or a goat, or horseback, or down in the mouth. That was to be what they called our slogan, and we stuck to it pretty well. It shook me up quite a lot the day I lost my leg—my best one was, too—but didn't that always the way?"

The men heartily concurred in this, and when the price of coal went up, and their wages had a corresponding increase, they were not disposed to quarrel with the cause.

"I'm glad to see Peter Hamilton, the time-keeper, as he counted out the men's money at the end of October; 'Long may she wave.' The first disturbing glimpse that the residents of Eagle Mine had, was the coming of an English homesteader, who had been in the country slightly known to the people because he came in only twice a year to buy his supplies, and never lingered for a friend. Then he came again, and he was not liked by the people, and the people who had seen him, their diagnosis of his case was that he was just a rascal. A man who lives alone raises dogs, takes pictures, gets no mail, and has no social contact which cannot be avoided, has no right to expect that people will consider him a sane person. The residents of Eagle Mine when referring to him at all called him the crazy Englishman."

"He was a nutty nut. A man passing by my house showed me the paper. Did you know it? Why didn't you send me word?" Jim Simpson wrinkled his nose.

"How did you know you cared?" Jim asked, replacing a prune which had fallen to the floor.

"Use Cusco Soap, Ointment and Talcum for daily toilet purposes. Soap, 1 lb.; Ointment, 1 lb.; Talcum, 1 lb. Price, 25c. Send for free sample. Cusco Shaving Stick 25c."

PIMPLES BROKE OUT ON FACE

Lasted Nearly a Year.

Healed by Cuticura.

"My skin trouble began with pimples breaking out on my face. They were very numerous, and spread to my body. They were red and very painful. I used to scratch them, but it caused more pain. Picking caused eruptions which did not heal, and I could not sleep on account of the irritation. The trouble lasted nearly a year."

"I used Cuticura Soap and Ointment and sent for a free sample. The sample helped me greatly, and after six months I was healed. Big thanks to Cuticura, 924-Airport Ave., Edmonton, Alta."

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes. Soap, 1 lb.; Ointment, 1 lb.; Talcum, 1 lb. Price, 25c. Send for free sample. Cusco Shaving Stick 25c."

The other man raised his voice al-

most to a shout. "Cared? Cared? Don't you know what it means? It's my country—our country—our country—every person's country."

"Well, I do," said the storekeeper, positively; "she got into this without askin' me, and she kin git out the same way."

The Englishman stood speechless. Grief-stricken and sick at heart, he Empire on which the sun never sets could utter such words and live? Something of the benumbed amazement which fell on Jim Vinnie when he first heard of King George's death, and no one sorry, he himself, fell on him. Could it be that—but no, that was impossible. The Empire would endure as long as the sun held its place.

The Englishman had been a resident of the neighborhood for over fifteen years. Long before the opening of the mines he had come and squatted on a piece of land in another fertile valley about eight miles further up the river. He had built a small log cabin, a gun on his back and a dog at his heels. Beside the crooked little stream (called English River, in compliment to him) he built a shelter under a large rock, and cultivated a piece of land for growing grain and a wooden box of his own making. He had told the people at Hammerman, which was the nearest settlement, that any man should be able to wreat a living from the soil if he had a dog for company, an axe, gun and a few seeds.

(To be Continued.)

**Large Financial Outlay****Over Twenty-Nine Millions Spent On Roads in Alberta Last Year**

George W. Yates, Acting Federal Commissioner of Highways, reports that for the year ending March 31, 1927, the mileage completed under the Canada Highways Act was 7,456,000 feet.

Canada's road improvements

in the west were as follows:

Alberta, \$29,850,000; Saskatchewan,

1,000,000; Manitoba, 1,000,000;

British Columbia, 1,000,000; and

Yukon, 1,000,000.

There were 24,708 miles of highway

approved as being eligible to participate in the \$20,000,000 Federal highway subsidy. So far of this amount \$15,694 had been paid over to the provinces.

This year will complete the Federal subsidy. It is unlikely there will be a further Federal grant.

**Fox Farming An Established Industry****37,000 Foxes Inspected and Registered by the Department**

Referring to our farming in the report not the Honorable Mr. Mortimer, Minister of Agriculture, he states that silver fox farming is now of the earliest importance to the economy of the country and bids fair to go on increasing for many years to come.

During the year under review there were inspected by officers of the department and tested for trichinellosis 25,000 foxes, which is a considerable increase over the previous year.

Despite this increase, the Minister points out, prices for live foxes held steadily, while prices in the open market for pelts increased.

The foxes are being sold to the furriers and dealers in the principal cities throughout the country.

As a whole the year was a most successful one for the fox breeders who are finding a lively export market in the United States and in several of the European countries.

The pine marten gets its name from its love of conifer trees.

FRANK LEONG, Prop'r.

The Excelsior group, shortly after Christmas, decided to have a Valentine tea. The following meetings were used in preparing for it. There were also two extra meetings held in the public school to decide certain things pertaining to the tea.

It was decided to serve cake, sandwiches and tea, and also sell candy and valentines. The valentines were to be home made; so the required paper and accessories were sent for, each girl given as much as she required. The valentines made were beautiful and artistic.

Each girl in the group was given five tickets to sell, and could have more if they could sell. Advertisements were also put up in different places. The church was suitably decorated for the occasion.

The tea took place on Saturday, Feb. 4, and the way in which the town turned out to this group's first venture was most gratifying.

Those who sold candy and valentines were: Phyllis Biden and Rhoda Higgins, valentines; Ena Gill, candy.

The following served at the tea-tables: Elsie McLean, Alice McCullough, Mrs. M. L. Martin, Mrs. Ruth Martin, Mrs. Frances Anne Sharp.

Miss Martinson, the group leader, made the tea as it was required, and also put the cake and sandwiches on the plates so that the girls could serve them.

The tea was very successful and the group well satisfied after their efforts. Part of the proceeds are to go on the Campaign Fund.

### IN MEMORIAM

In loving memory of Thomas Gill, our dear Husband and Father who died February 19th, 1924.

The shock was great, the blow severe. We little thought the end was near. It is not the tear at the moment shed, that tells how we loved the soul that died.

But the silent tear in secret wept, And fond remembrance ever kept. Inserted by his loving wife and family.

### Municipal District of Harmony, No. 128

NOTICE is hereby given that a vote of the Proprietary Electors of the District will be taken on SATURDAY, FEBRUARY 25th, 1928 to decide whether the Municipal District of Harmony, No. 128 shall become a collecting municipality for School Taxes.

Tolls will be held at the following places:

Township 14-23 W. I-C. Anderson House, Sec. 28 14-23 W. 4.

Township 14-24-Bow Valley School.

Township 15-24 and East Half of Tp. 15-23-4-Campbell's Hall, Champion.

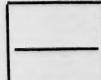

Township 15-25 and East Half Tp. 15-24-Yale School.

Township 16-22-4-Marshall School Township 16-23-4-O. B. Roe's House, Sec. 16-23-4.

Ballot will be in the following form:

"Are you in favor of the Municipal District becoming a Collecting District for School Taxes?"

YES

Dated at Champion this 6th day of February, 1928.

JOHN W. CAIN,  
Returning Officer

### Local and General

Mrs. W. E. Watkins is in Calgary, where she will undergo an operation.

Miss Alice Eamer of Vulcan spent the week end, the guest of Miss Ollyve Larkins.

Mrs. D. Watkins, accompanied by her mother, returned from Chicago this week after a two month's trip.

Mrs. Duane Chamberlain, who had been on a visit here left for her home at Kirriemuir, on Wednesday.

The Ladies' Aid are serving refreshments at the local bonspiel now in progress. Naturally this adds greatly to the enjoyment of the event.

K. R. McLean, 210-212 Herald Bldg., Calgary, sight specialist wishes to announce that he will visit Champion, at the drug store Friday, March 2, 1928.

"Champion Chatter" is the title of the very latest newspaper to be established in Champion, with Geo. Depue as editor. Running a newspaper is no joke but George has youth on his side and it will be some time before it will bring his grey hairs in sorrow to the grave.

We must thank those who have responded to requests for the payment of subscriptions. It is not a pleasant thing to keep constantly reminding readers of their liability, but there is not the slightest doubt that in very many instances it is a matter of simple neglect rather than a studied avoidance of what the test is a very small obligation. It would not require any great effort on the part of subscribers to clean up our books and encourage an effort towards providing a better paper for everyone. Just think the matter over and let us have what you are in arrears for.

The Town boys of the Pilot and Live Wires squares held a Football Show benefit on the evening of Feb. 13th about 34 sitting down a wonderful supper prepared by the mothers and served by the C.G.I.T. "Girls of the Prairie Sunset." With Harold Stephen presiding a short program was well carried through consisting of songs, sketches and most interesting addresses by Reg. Rose of Calgary. Fathers, sons and guests then engaged in a spirited succession of games and contests thus concluding an evening of fun, fellowship and inspiration.
